HLT Software Solutions

Internship Program

The internship program provides structured real world experiences for academic credit that can help students prepare for challenging careers.

Through internships, students can apply their skills and experience in a professional environment, acquire experience, explore potential career paths, and start building a professional network.

Goals of Internship

- To expose young graduates to real-life learning.
- To make young graduates more market ready.
- Increase the chances Full time job opportunity.
- To expose Technical students to the industrial environment, which cannot be simulated in the classroom and creating competent professionals for the industry.

Benefits of taking internship

- Give yourself an edge in the job market and apply your theory.
- Network with professionals in the field and get a letter of recommendation
- Explore a career path and gain valuable work experience
- Sharpen your skills and become industry ready.

Who are my mentors ?

- Ex-employees of Microsoft , VM Ware
- Experts worked and experienced in the field.
- Team Leads & Managers
